## About the Seminar

The seminar is proposed to be organized with the aim of creating awareness about the role of women empowerment as a foundational pillar in achieving the vision of *Viksit Bharat @ 2047*. The programme will focus on key pillars such as education, health, economic independence, leadership, digital inclusion, and legal awareness that are essential for shaping empowered women. It will encourage active participation of women in nation-building through discussions on skill development, entrepreneurship, and innovation. The seminar will also highlight various government policies, schemes, and initiatives designed to strengthen the socio-economic status of women. Challenges faced by women across different sectors will be discussed to promote gender equality and inclusive growth. The event will provide a platform for interaction among academicians, policymakers, professionals, and students, with the objective of inspiring young women to become confident leaders and contributors to India's sustainable development. Overall, the seminar aims to foster a collective commitment towards building an equitable, progressive, and empowered society by 2047.
